*“Together with SAP, we decided two years ago to power our Omnichannel transformational offer on core retail features with S/4 HANA solutions”, said Pierre Gressier, Vice-President Retail and Services, Gfi Informatique. “This enables us to propose best-in-class processes to mid-range retailers facing digital disruption and generate first joint success with SAP in 2017, as Kidiliz Group in France”.*

Selected from SAP's wide-ranging partner base, nominations for the SAP Partner Excellence Awards were based on internal SAP sales data. A steering committee composed of regional and global SAP representatives determined winning partners in each category according to numerous criteria such as sales achievement and performance. Awards were presented in a variety of categories, including overall sales, innovation, technology, services and solution-specific areas.

*“The SAP Partner Excellence Awards exemplify the shared purpose, commitment and success that allow our partners, together with SAP, to deliver value to our customers on an ongoing basis,”* said Rodolpho Cardenuto, President, Global Channels & General Business, SAP. *“To that end, I am pleased and honored to recognize and congratulate Gfi Informatique as the recipient of the SAP EMEA Partner Excellence Award 2018 for Customer Engagement. We also recently chose the SAP Cloud solution and platform to support our own internal transformation”.*
